

NO FAMILY DOCTOR? WAITING LISTS? HELP US HELP YOU

The Facts

- ✍ BC is experiencing a critical medical doctor shortage.
- ✍ There are doctors trained outside of Canada (IMGs), living in BC, many Canadian citizens, ready, willing and able to work.
- ✍ These doctors meet Canada's high standards but cannot get access to residency training which they need in order to be licensed.
- ✍ We are over 600 doctors but only 6 residency positions in BC.
- ✍ IMG Residencies in Manitoba: 10, Alberta: 28, Ontario: 200
